

ENTERGY NEW ORLEANS, INC.
ELECTRIC SERVICE

SCHEDULE HPSV NW-2

Effective: June 1, 2009
Filed: May 1, 2009
Supersedes: HPSV NW Effective 4/1/08
Schedule Consists of: One Sheet

**HIGH PRESSURE SODIUM VAPOR
OUTDOOR NIGHT WATCHMAN SERVICE**

I. AVAILABILITY

At all points throughout the territory served by the Company where existing facilities of suitable phase and voltage are adjacent to the premises to be served, and service is taken in accordance with the terms and conditions of the Service Standards and Service Regulations of the Company. Not available for temporary service.

II. APPLICATION

To electric service for the operation of overhead automatically controlled all night outdoor lighting service for lighting private streets, alleys, or any area of the premises, or for lighting on public streets subject to any requirements of local municipal authorities. The lighting fixture shall consist of a high pressure sodium vapor lamp, an open bottom outer globe and a control device, mounted on a bracket or mastarm of approximately 30 inches, as available, erected on Company owned or controlled poles where the fixture(s) and equipment are owned, maintained, and serviced by the Company.

III. TYPE OF SERVICE

The lighting fixture requires 120/240 volts (with ground) single phase alternating current, 60 hertz, available to the premises to be serviced.

The lamps shall burn from dusk to dawn. Company shall furnish and install lamp renewals. All necessary service and maintenance shall be furnished by the Company during the Company's regular working hours.

In case the Company shall at any time or times be prevented from delivering electric energy hereunder by causes beyond its control, it shall not be liable in damages to any governing body, person, firm, or corporation.

Extension of one 30-foot pole may be made and served under Section A of the Net Monthly Bill. Extensions of more than one pole, made at Company's option, will be served under Section B of the Net Monthly Bill.

If Company experiences excessive lamp replacements or maintenance expenses because of vandalism or other causes beyond its control, it reserves the right to discontinue service.

IV. NET MONTHLY BILL

A. \$13.53 per 100 watt lamp installed on existing pole(s) and where suitable phase and voltage are available, plus any applicable adjustments. CR

For a one pole extension, the charge will be \$3.89 per pole. CR

- B. When Customer requests a Night Watchman system which requires more than a one pole extension, Company may, at its option, furnish and maintain such system when Customer signs an Additional Facilities Agreement pursuant to the Additional Facilities Charge Rider, Option A. An additional monthly facilities charge will be assessed based upon the total installed cost of the system including any extension of electric facilities plus \$8.89 for each light.

AT
RT
CR

- C. Adjustments:

First – Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's cost of operation and which the Company is legally obligated to pay on the basis of meters, customers, or rates of, or revenue from electric power and energy or service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second – Plus the fuel adjustment to be calculated based upon the total kWh included in the monthly bill times the adjustment per kWh for the current month calculated in accordance with Rate Schedule FAC. The adjustment per kWh shall be applied to the calculated kWh use per lamp.

V. PAYMENT

The Net Monthly Bill is due and payable each month. The Gross Monthly Bill, which is the Net Monthly Bill plus 5%, becomes due after the Gross Due Date shown on the bill, which shall not be less than twenty (20) days from the date of billing.

VI. CONTRACT PERIOD

The contract shall be for a minimum period of one year and, at Company's option, may be longer to justify the investment in lighting fixtures and facilities.
